Dianova® Lapstone Flex

A specially designed sharpener that has a coarse and a fine diamond surface on the same side and is bendable and formable. Great for hook knives and gut openers, e.g. EKA - Swingblade. It can also be used for regular knives, fishing hooks and more.

A very light and handy companion.

Specifications:

Length: 90 mm

Width: 20 mm

Diamond area: 2x20x37 mm

Art. No: 68F2095G

Dianova® Lapstone Hook

A special sharpener for fishhooks with a fine and course diamond area on one side. The sharpener includes a "pin on reel" with a snap hook. For "catch and release fishing", use the course diamond area for removal of the barb, the fine area for sharpening the hook and use the front of the sharpener for careful release of the hook from the fish.

Specifications:

Length: 110 mm

Width: 10 mm

Diamond area: 2x8x37 mm

Art. No: 68H10100G

Dianova® Lapstone Nail

The most beautiful and perfect tool for your nails. The handle in polished reindeer horn/antler. It has a fine and a course diamond area and a thin round edge for removal of 'dirt' under your nails. Delivered with a leather sheath made from reindeer leather.

Specifications:

Length: 140 mm

Width: 10 mm

Diamond area: 8x75 mm

Art. No: 68N10130G
